

Organochlorpestizide (Gruppe OC)

(Bestimmung von Organochlorpestiziden und anderen Verbindungen: gaschromatographisch mit ECD;
DFG S19, Mini-Kieselgel-Eluat 1 + 2)

| | |
|--------------------|--------------------------------|
| Aldrin | alpha-HCH |
| Benfluralin | beta-HCH |
| alpha-Chlordan | delta-HCH |
| gamma-Chlordan | epsilon-HCH |
| Chlorfenapyr | Heptachlor |
| Chlorfenson | cis-Heptachlorepoxyd |
| Chloroneb | trans-Heptachlorepoxyd |
| Chlorthal-dimethyl | Hexachlorbenzol |
| Chlorthalonil | Ioxynil-Octanoat |
| o,p'-DDD | Isobenzan |
| p,p'-DDD | Isodrin |
| o,p'-DDE | Isopropalin |
| p,p'-DDE | delta-Ketoendrin |
| o,p'-DDT | Lindan |
| p,p'-DDT | Methoxychlor |
| Dichlobenil | Mirex |
| Dicloran | Nitrofen |
| p,p'-Dicofol | Oxychlordan |
| Dieldrin | Pendimethalin |
| Dienochlor | Pentachloranisol |
| Dinitramine | Plifenate |
| Dinobuton | Polychlorterpene (Camphechlor) |
| alpha-Endosulfan | Profluralin |
| beta-Endosulfan | Quintozen |
| Endosulfansulfat | S 421 (Octachlordipropylether) |
| Endrin | Tecnazen |
| Etridiazol | Tetradifon |
| Fenson | Tetrasul |
| Flubenzimine | Triallat |
| Fluchloralin | Trichloronat |
| Flumetralin | Trifluralin |
| Genite | |

Synthetische Pyrethroide (Gruppe PY)

(Bestimmung von Pyrethroiden: gaschromatographisch mit ECD; DFG S19, Mini-Kieselgel-Eluate 1 + 2)

Bifenthrin

Cyfluthrin

lambda-Cyhalothrin

Cypermethrin

Cyphenothrin

Deltamethrin

Fenfluthrin

Fenpropathrin

Fenvalerat (RR- u. SS-Isomere)

Fenvalerat (RS- u. SR-Isomere)

Flucythrinate

tau-Fluvalinat

Permethrin

Tefluthrin

Organophosphorpestizide (Gruppe OP)

(Bestimmung von Organophosphor-Pestiziden: gaschromatographisch mit FPD, DFG S19)

| | |
|---------------------------|------------------------------|
| Acephat | Famophos |
| Amidothion | Fenamiphos |
| Azinphos-ethyl | Fenchlorphos |
| Azinphos-methyl | Fenitrothion |
| Bomyl | Fensulfothion |
| Bromfenvinphos | Fensulfothion-PO-sulfon |
| Bromphos (-methyl) | Fenthion |
| Bromphos-ethyl | Fenthion-PO-sulfon |
| Butamiphos | Fenthion-PS-sulfon |
| Cadusafos | Fonofos |
| Carbophenothion (-ethyl) | Formothion |
| Carbophenothion-methyl | Fosthiazat |
| Chlorfenvinphos | Fosthietan |
| Chlormephos | Heptenophos |
| Chlorpyrifos (-ethyl) | IBP |
| Chlorpyrifos-methyl | Isocarbofos |
| Chlorthion | Isofenphos |
| Chlorthiophos | Isofenphos-methyl |
| Coumaphos | Isoxathion |
| Crufomate | Jodfenphos |
| Cyanofenphos | Leptophos |
| Cyanophos | Malaoxon |
| Demeton-S-methyl | Malathion |
| Demeton-S-methyl-sulfon | Mecarbam |
| Diazinon | Mephosfolan |
| Dicapthon | Methacrifos |
| Dichlofenthion | Methamidophos |
| Dichlorvos | Methidathion |
| Dicrotophos | Mevinphos |
| Dimefox | Monocrotophos |
| Dimethoat | Morphothion |
| Dimethylvinphos | N-Desethyl-pirimiphos-methyl |
| Dioxabenzofos (Salithion) | Omethoat |
| Dioxathion | Oxydemeton-methyl |
| Disulfoton | Paraoxon |
| Disulfoton-PS-sulfon | Paraoxon-methyl |
| Ditalimfos | Parathion |
| Edifenphos | Parathion-methyl |
| EPN | Phenkapton |
| Ethion | Phenthoate |
| Ethoprophos | Phorat |
| Etrimfos | Phorat-sulfon |

Organophosphorpestizide (Gruppe OP) - Fortsetzung

(Bestimmung von Organophosphor-Pestiziden: gaschromatographisch mit FPD, DFG S19)

| | |
|-------------------|-------------------|
| Phosalon | Quinalphos |
| Phosfolane | Quintiphos |
| Phosmet | Sulfotep |
| Phosphamidon | Sulprofos |
| Pirimiphos-ethyl | TEPP |
| Pirimiphos-methyl | Terbufos |
| Pirimithate | Tetrachlorvinphos |
| Profenofos | Thiometon |
| Propaphos | Thionazin |
| Propetamphos | Tolclofosmethyl |
| Prothiophos | Triamiphos |
| Prothoat | Triazophos |
| Pyraclophos | Trichlorfon |
| Pyrazophos | Trichloronat |
| Pyridaphenthion | |

Gruppe ON/MS-3

(Bestimmung von stickstoffhaltigen Pestiziden und anderer Verbindungen:
gaschromatographisch mit MSD, DFG S19)

| | |
|-----------------------------|------------------|
| Alachlor | Myclobutanil |
| Bitertanol | Oxadiazon |
| Brompropylat | Oxadixyl |
| Bupirimat | Penconazol |
| Carbaryl | Pendimethalin |
| Carbofuran | 2-Phenylphenol |
| Chlorbenzilat/Chlorpropylat | Piperonylbutoxid |
| Chlorpropham | Pirimicarb |
| Cyproconazol | Procymidon |
| Dichlobenil | Propachlor |
| Dichlofluanid | Propargit |
| Diflubenzuron | Propham |
| Diphenyl | Propiconazol |
| Diphenylamin | Propoxur |
| Diuron | Propyzamid |
| Ethofenprox | Pyrimethanil |
| Fenarimol | Tebuconazol |
| Fenpropimorph | Teflubenzuron |
| Fluazifop-P-butyl | Tetradifon |
| Flusilazol | Thiabendazol |
| Imazalil | Tolyfluanid |
| Iprodion | Triadimefon |
| Lenacil | Triadimenol |
| Metalaxyl | Vinclozolin |
